

Specific state police officers are tasked to enable the alleged "terrorists" to their assigned placement for the horrendous and sinister festivities in the first half of the third quarter, when this conspiracy theory will no longer be a theory.

DHS appears to be the overall planners and coordinators, while drawing upon the resources of other federal groups, especially the NSA. The NSA seems to have the planned psychological blueprint for the multiple-day death, horror and hostage event. Psychological operations have been part of their original mission since 1952, to counter the brainwashing of Korean War captives. NSA has always done psycho activities, and blamed the CIA for most of it.

Our hope here is that the Treason Bowl could be abated per this warning. Much depends on high-visibility circulation of this warning. Just the same, you may want to cheer for your favorite team to lose in the conference finals, in triple overtime of course.

Good Night, and Good Luck.
